OVL Consulting

Vision

To provide excellent professional services that unleash client business potential for exponential business growth.

Mission

We offer professional services through partnership with clients and collaboration with other stakeholders, in order to solve business challenges of yesterday, today and the future.

Introduction

OVL Consulting (Pty) Ltd specializes in strategic project and construction management professional services. We offer Engineering, Quality Survaiving, Architectural Procurement and Construction management and turnkey quality solutions by managing projects for our clients.

We pride ourselves in our ability to fully understand our client's business and how to initiate, define, plan, co-ordinate, monitor and control projects to ensure that our clients realize the rate of return on investment.

OVL Consulting is steered by a talented, experienced and professionally registered team within the build environment (SACQSP/RICS/SAIQ).

The company is a B-BBEE Level 1 Contributor and 50% female owned, its head office is in Gauteng.

Background

OVL Consulting (Pty) Ltd is established as a project and construction management service within a niche market. OVL Consulting (Pty) Ltd is formed out of the need to:

Go beyond good service expectations and competency of completing projects within approved budget, agreed schedule and accepted quality.

OVL Consulting (Pty) Ltd succeeds on any project and achieves the above because of carefully managed partnership between clients and the OVL Consulting (Pty) Ltd management team.

Our drive is to manage projects within dynamic and competitive environments.

We have the skill to understand and be flexible to challenges, threats, complexities and opportunities of our clients' business.

OVL Consulting
